Item Code: **HANDYGRAVWIRK**
In-car mobile phone holder

Features:

- Mount on air vents (rounds and standard);
- Qi charging wireless up to 15W
- Easy insertion system

Compatibility:
 Universal

DESCRIPTION:

SLIDE AIR is the new discreet and easy to use Cellularline in-car holder which allows you to always keep the phone in reach while driving and charge it through a wireless charging up to 15W

Through an easy insertion system, the holder opens and closes automatically with the weight of the smartphone.

Thanks to the innovative hook attachment, SLIDE AIR can be mounted on all types of air vents, both standard and round.
