Overview *50 Word Count Product Description*

Made for better performance and increased comfort, these additional thumbsticks improve grip, precision, and accuracy. Short and concave to dig in and make quick moves. Tall and domed for a longer throw and more precision. Choose the perfect combo and color for your playstyle.

Compatible only with SCUF Instinct.

Overview *100 Word Count Product Description*

N/A

Features & Benefits *Style #1*

- SCUF Instinct’s thumbstick variety provide more grip and comfort than standard thumbsticks. Short and concave to dig in and make quick moves. Tall and domed for a longer throw and more precision.
- Improve precision and accuracy with additional length and shape options not included with your Instinct controller that cater to different hand sizes and can be interchanged on-the-fly.
- Changing your Instinct thumbsticks is as easy as removing the magnetic faceplate, pulling the existing thumbstick off, and pushing the different thumbstick on. Replace the faceplate and you’re ready to play.
- Play for long hours with these durable thumbsticks made with premium quality materials to be wear resistant.
- With four color choices, SCUF Instinct thumbsticks provide you the opportunity to match your thumbsticks to your style and faceplate color.

Features & Benefits *Style #2*

- **High-Performance Grip:** SCUF Instinct thumbsticks provide superior grip compared to other thumbsticks for increased comfort and control.
- **Improving Your Fit:** Concave, domed, short, or long — select thumbstick options not included with your Instinct controller that fit how you play.
- **Easily Interchangeable:** Changing your Instinct thumbsticks is as easy as removing the faceplate, swap them, and putting the faceplate back on.
- **Long Lasting:** Made with durable materials to last through long hours of intense gameplay.
- **Tailored To Your Style:** With four color options, your thumbsticks can match your mood and faceplate color.
